NEW PRODUCT CATALOG

2009 NEW PRODUCT CATALOG

In a helmet market as competitive as North America's, complacency equals death. After introducing 5 all-new helmet models, including our flagship FX-16 full-face, FX-28 modular and FX-18 off-road helmets for 2008, many of our competitors would expect us to remain rather quiet for 2009.

Won't they be disappointed.

After another year of hard work in our labs, developing new ideas, tracking the latest helmet trends and implementing new refinements, we're proud to introduce an impressive **5 all-new helmet models for 2009**.

All of these five new helmet models (the **FX-90** and **FX-20 Youth** full-face helmets, the **FX-17** and **FX-19** off-road helmets, and the aviation-inspired **FX-42A** open-face helmet) represent significant upgrades over the models they replace. Greater style, increased ventilation and better liners are just some of the improvements we've made, and all 5 meet stringent **DOT & ECE** helmet safety standards.

In particular, we feel that our **FX-90** full-face and **FX-17** off-road helmets represent the greatest "**bang for the buck**" models we've ever produced. From a company focused on delivering superior value to its customers since day #1, back in 1996, that's no *feint praise*.

FX-35Y

YOUTH OFF-ROAD

AFX's eye-catching FX-35Y is refreshed for 2009 with an assortment of new helmet graphic treatments (Camo, Freedom & Vine).

SAFETY CERTIFICATIONS

This helmet model meets or exceeds both ECE 22.05 and DOT FMVSS-218 motorcycle helmet safety standards.

SPECIFICATIONS & FEATURES

- An aerodynamic shell design constructed using an advanced lightweight composite poly-alloy that's specifically designed for adolescents and small adults
- A removable screw-on visor

- A removable roost deflector
- A helmet liner and cheek pads made with a hypo-allergenic and antimicrobial nylon, all of which are removable and washable
- YLS (Youth Liner System): This helmet can convert to any youth size through simple liner component swapping
- 5 points of ventilation with chin, forehead and top vents
- A square type D-ring with chin strap holder
- Comes with a Lifetime Warranty

AFX-42A

ADULT OPEN-FACE

New for 2009, AFX's FX-42A brings a unique aviator-style look to the stale open-face helmet market.

SAFETY CERTIFICATIONS

This helmet model meets or exceeds both ECE 22.05 and DOT FMVSS-218 motorcycle helmet safety standards.

SPECIFICATIONS & FEATURES

- An aerodynamic shell design constructed using an advanced lightweight composite poly-alloy
- A helmet liner and cheek pads made with a hypo-allergenic and antimicrobial nylon

- A single-screw, quick release face shield that is optically correct, compound-curved, scratch-resistant and protects against UV-rays
- A square type D-ring with chin strap holder
- A clearcoat finish which protects the helmet's paint & graphics
- Comes with a Lifetime Warranty
